Hiring Manager  
dcs corp

Dear Hiring Manager,

Thank you for the opportunity to apply for the Fullstack Software Developer role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am a focused college student (3.6 GPA, Master in computer science) currently attending Florida Institute of Technology. During the course of my academic career, I also managed to accrue nearly 6 months of work experience. I had the privilege of working for Cognizant Technology Solutions in a programming analyst role in my free time, where I learned valuable professional skills such as database design, web platform development and programming. In both my academic and professional life, I have been consistently praised as adaptable by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven critical thinking, problem-solving and technical skills, which I hope to leverage into the Fullstack Software Developer role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at (321) 367-9669 or via email at laharikarrothu@gmail.com to arrange for a convenient meeting time.

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,  
Lahari Karrotu
